

Academic Team Northumberland High School 2007 – 2008

Coach: Dr. Sandra Ward

Actively recruiting members(see me if interested)

Practices start Monday October 1, 2007

Practice is once a week starting in **October**. The competitions start in late November and finish in December with District and Regional meets in January and February.

The six teams are in our district are: Rappahannock, Lancaster, Essex, Washington and Lee, Colonial Beach, and Northumberland.

Matches

Questions can be on current events, art, music, math, English, history, government, social studies, geography, chemistry, physics, biology, earth science, or meteorology.

Matches consist of three sessions:

First - toss-up session: A question is read and an answer must be given within 10 seconds.

Any member on either team can “buzz in.” If the answer is wrong, any member on the other team may buzz in within the remaining time or give an immediate answer if the time is up.

Second – questions are directed to each team. The team has ten seconds to confer, and the captain states the answer. If the answer is wrong, the other team has the remainder of the ten seconds or they must give an immediate answer (within three seconds).

Third session is again a toss –up session like the first.
